This section would be effective with respect to documents filed on or after the date of enactment, and with respect to documents filed before the date of enactment and not treated by VA as an NOD pursuant to part 20.201 of title 38, Code of Federal Regulations. Furthermore, a document filed as an NOD after March 15, 2002, and rejected by the Secretary as insufficient would, at VA motion or at the request of a claimant within one year of enactment, be deemed to be an NOD if the document expresses disagreement with a decision and VA finds that the claimant has not disavowed a desire for appellate review.

Mr. BILIRAKIS. Mr. Speaker, I rise in strong support of H.R. 2297, the Veterans' Benefits Act of 2003. This bill addresses an issue that I have been working on for a number of years. Dependency and Indemnity Compensation (DIC) is the benefit accorded to the surviving dependents of those members of the Armed Forces who died while on active duty or of a service-connected cause.

DIC is the only federal annuity program that does not allow a widow who is receiving compensation to remarry at an older age and retain her annuity. Earlier this year, I reintroduced legislation which provides that the remarriage of the surviving spouse of a veteran after age 55 shall not result in termination of Dependency and Indemnity Compensation.

I was pleased that my legislation was incorporated into H.R. 2297 when it passed the House in October. The bill that we are considering today, which was worked out with the Senate, slightly modifies my original provision to provide that a surviving spouse upon remarriage after age 57 would retain DIC, home loan and educational benefits eligibility. Surviving spouses who remarried after attaining age 57 prior to enactment of the Compromise Agreement would have one year to apply for reinstatement of these benefits.

I think it is a wonderful thing if an older person finds companionship, falls in love and decides to marry. I don't think we should be discouraging such marriages by making them financially burdensome. In these circumstances,

it is often the case that both partners are living on fixed incomes. The prospect of one partner losing financial benefits as a result of the marriage is a real disincentive.

Once again, I would like to thank Chairman SMITH, Ranking Member EVANS, Benefits Subcommittee Chairman BROWN and Subcommittee Ranking Member MICHAUD for working with me to include a DIC remarriage provision in H.R. 2297.

I urge my colleagues to support the bill before us today.

Mr. SMITH of New Jersey. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. TERRY). The question is on the motion offered by the gentleman from New Jersey (Mr. SMITH) that the House suspend the rules and concur in the Senate amendment to the bill, H.R. 2297.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the Senate amendment was concurred in.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. SMITH of New Jersey. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H.R. 2297.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

SEC. 103. AGREEMENTS WITH AND OTHER PROVISIONS RELATED TO THE REPUBLIC OF THE MARSHALL ISLANDS.

(a) LAW ENFORCEMENT ASSISTANCE.—Pursuant to sections 222 and 224 of the U.S.-RMI Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Marshall Islands to develop and adequately enforce laws of the Marshall Islands and to cooperate with the United States in the enforcement of criminal laws of the United States. Funds appropriated pursuant to section 105(j) of this title may be used to reimburse State or local agencies providing such assistance.

(b) EIT.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the President of the United States shall negotiate with the Government of the Marshall Islands an agreement whereby, without prejudice as to any claims which have been or may be asserted by any party as to rightful title and ownership of

any lands on Ejit, the Government of the Marshall Islands shall assure that lands on Ejit used as of January 1, 1985, by the people of Bikini, will continue to be available without charge for their use, until such time as Bikini is restored and inhabitable and the continued use of Ejit is no longer necessary, unless a Marshall Islands court of competent jurisdiction finally determines that there are legal impediments to continued use of Ejit by the people of Bikini.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that if the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(c) SECTION 177 AGREEMENT.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in furtherance of the purposes of Article I of the Subsidiary Agreement for Implementation of Section 177 of the Compact, the payment of the amount specified therein shall be made by the United States under Article I of the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") only after the Government of the Marshall Islands has notified the President of the United States as to which investment management firm has been selected by such Government to act as Fund Manager under Article I of the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that if the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that at the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by

the Fund Manager under the Section 177 Agreement.

(d) NUCLEAR TEST EFFECTS.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak); \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(e) ESPOUSAL PROVISIONS.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that it is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(f) DOE RADIOLOGICAL HEALTH CARE PROGRAM; USDA AGRICULTURAL AND FOOD PROGRAMS.—

(1) MARSHALL ISLANDS PROGRAM.—Notwithstanding any other provision of law, upon the request of the Government of the Republic of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermonuclear "Bravo" test, pursuant to Public Laws 95-134 and 96-205.

(2) AGRICULTURAL AND FOOD PROGRAMS.—

(A) IN GENERAL.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by a grant to the Government of the Republic of the Marshall Islands which may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—

(i) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak, as provided in subparagraph (C); and

(ii) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.

(B) POPULATION CHANGES.—The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.

(C) PLANTING AND AGRICULTURAL MAINTENANCE PROGRAM.—

(i) IN GENERAL.—The planting and agricultural maintenance program on Enewetak shall be funded at a level of not less than \$1,300,000 per year, as adjusted for inflation under section 218 of the U.S.-RMI Compact.

(ii) AUTHORIZATION AND CONTINUING APPROPRIATION.—There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each fiscal year from 2004 through 2023, \$1,300,000, as adjusted for inflation under section 218 of the U.S.-RMI Compact, for grants to carry out the planting and agricultural maintenance program.

(3) PAYMENTS.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(g) RONGELAP.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: "The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978", dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress

shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that it is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(4) There are hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for fiscal year 2005, \$1,780,000; for fiscal year 2006, \$1,760,000; and for fiscal year 2007, \$1,760,000, as the final contributions of the United States to the Rongelap Resettlement Trust Fund as established pursuant to Public Law 102-154 (105 Stat. 1009), for the purposes of establishing a food importation program as a part of the overall resettlement program of Rongelap Island.

(h) FOUR ATOLL HEALTH CARE PROGRAM.—

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95-134 (91 Stat. 1159) and Public Law 96-205 (94 Stat. 84) and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that at the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(i) ENJEBI COMMUNITY TRUST FUND.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the "Enjebi Community Trust Fund" (hereafter in this subsection referred to as the "Fund"), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be ex gratia, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) ENJEBI TRUST AGREEMENT.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of \$250,000,000.

(2) MONITOR CONDITIONS.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) RESETTLEMENT OF ENJEBI.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) RESETTLEMENT OF OTHER LOCATION.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with

a plan, developed by the Enewetak Local Government Council and the people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) INTEREST FROM FUND.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) DISCLAIMER OF LIABILITY.—In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(j) BIKINI ATOLL CLEANUP.—

(1) DECLARATION OF POLICY.—In the joint resolution of January 14, 1986 (Public Law 99-239), the Congress determined and declared that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraph (2) and (3) of this subsection.

(2) CLEANUP FUNDS.—The joint resolution of January 14, 1986 (Public Law 99-239) authorized to be appropriated such sums as necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

(3) CONDITIONS OF FUNDING.—In the joint resolution of January 14, 1986 (Public Law 99-239) the Congress provided that the funds referred to in paragraph (2) were to be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(k) AGREEMENT ON AUDITS.—The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-RMI Compact and the agreement referred to in section 462(b)(4) of the U.S.-RMI Compact, including the following authorities:

(1) GENERAL AUTHORITY OF THE COMPTROLLER GENERAL TO AUDIT.—

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Republic of the Marshall Islands under Articles I and II of Title Two of the U.S.-RMI Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Republic of the Marshall Islands.

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 232 of the U.S.-RMI Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) COMPTROLLER GENERAL ACCESS TO RECORDS.—

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least five years after the date such grant or assistance was provided and in a manner that permits such grants, assistance and payments to be accounted for distinct from any other funds of the Government of the Republic of the Marshall Islands.

(3) STATUS OF COMPTROLLER GENERAL REPRESENTATIVES.—The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a grave crime and pursuant to a decision by a competent judicial authority, and such persons shall enjoy immunity from seizure of personal property, immigration restrictions, and laws relating to alien registration, fingerprinting, and the registration of foreign agents. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. Without prejudice to those privileges, exemptions and immunities, it is the duty of all such persons to respect the laws and regulations of the Government of the Republic of the Marshall Islands.

(4) AUDITS DEFINED.—As used in this subsection, the term "audits" includes financial, program, and management audits, including determining—

(A) whether the Government of the Republic of the Marshall Islands has met the requirements set forth in the U.S.-RMI Compact, or any related agreement entered into under the U.S.-RMI Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Republic of the Marshall Islands pursuant to such grants or assistance.

(1) KWAJALEIN.—

(1) STATEMENT OF POLICY.—It is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, or as amended or superseded, and any related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligation and responsibilities under Title Three of the U.S.-RMI Compact and the subsidiary agreements concluded pursuant to the U.S.-RMI Compact.

(2) FAILURE TO PAY.—

(A) IN GENERAL.—If the Government of the Marshall Islands fails to make payments in ac-

cordance with paragraph (1), the Government of the United States shall initiate procedures under section 313 of the U.S.-RMI Compact and consult with the Government of the Marshall Islands with respect to the basis for the non-payment of funds.

(B) RESOLUTION.—The United States shall expeditiously resolve the matter of any non-payment of funds required under paragraph (1) pursuant to section 313 of the U.S.-RMI Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 105(e).

(3) DISPOSITION OF INCREASED PAYMENTS PENDING NEW LAND USE AGREEMENT.—Until such time as the Government of the Marshall Islands and the landowners of Kwajalein Atoll have concluded an agreement amending or superseding the land use agreement reflecting the terms of and consistent with the Military Use Operating Rights Agreement dated October 19, 1982, any amounts paid by the United States to the Government of the Marshall Islands in excess of the amounts required to be paid pursuant to the land use agreement dated October 19, 1982, shall be paid into, and held in, an interest bearing escrow account in a United States financial institution by the Government of the Republic of the Marshall Islands. At such time, the funds and interest held in escrow shall be paid to the landowners of Kwajalein in accordance with the new land use agreement. If no such agreement is concluded by the date which is five years after the date of enactment of this resolution, then such funds and interest shall, unless otherwise mutually agreed between the Government of the United States of America and the Government of the Republic of the Marshall Islands, be returned to the U.S. Treasury.

(4) NOTIFICATIONS AND REPORT.—

(A) The Government of the Republic of the Marshall Islands shall notify the Government of the United States of America when an agreement amending or superseding the land use agreement dated October 19, 1982, is concluded.

(B) If no agreement amending or superseding the land use agreement dated October 19, 1982 is concluded by the date five years after the date of enactment of this resolution, then the President shall report to Congress on the intentions of the United States with respect to the use of Kwajalein Atoll after 2016, on any plans to relocate activities carried out on Kwajalein Atoll, and on the disposition of the funds and interest held in escrow under paragraph (3).

(5) ASSISTANCE.—The President is authorized to make loans and grants to the Government of the Marshall Islands to address the special needs of the community at Ebeye, Kwajalein Atoll, and other Marshallese communities within the Kwajalein Atoll, pursuant to development plans adopted in accordance with applicable laws of the Marshall Islands. The loans and grants shall be subject to such other terms and conditions as the President, in the discretion of the President, may determine are appropriate.

SEC. 104. INTERPRETATION OF AND UNITED STATES POLICY REGARDING U.S.-FSM COMPACT AND U.S.-RMI COMPACT.

(a) HUMAN RIGHTS.—In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress notes the conclusion in the Statement of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that "our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government" and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Republic of the Marshall Islands. Congress also notes and specifically endorses the preamble to the U.S.-FSM Compact and the U.S.-RMI Compact, which affirms that

the governments of the parties to the U.S.-FSM Compact and the U.S.-RMI Compact are founded upon respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to Congress pursuant to sections 116 and 502B of the Foreign Assistance Act of 1961, "22 U.S.C. 2151n, 2304" a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Republic of the Marshall Islands.

(b) IMMIGRATION AND PASSPORT SECURITY.—

(1) NATURALIZED CITIZENS.—The rights of a bona fide naturalized citizen of the Federated States of Micronesia or the Republic of the Marshall Islands to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a nonimmigrant, to the extent such rights are provided under section 141 of the U.S.-FSM Compact and U.S.-RMI Compact, shall not be deemed to extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(2) PASSPORTS.—It is the sense of Congress that up to \$250,000 of the grant assistance provided to the Federated States of Micronesia pursuant to section 211(a)(4) of the U.S.-FSM Compact, and up to \$250,000 of the grant assistance provided to the Republic of the Marshall Islands pursuant to section 211(a)(4) of the U.S.-RMI Compact (or a greater amount of the section 211(a)(4) grant, if mutually agreed between the Government of the United States and the government of the Federated States of Micronesia or the government of the Republic of the Marshall Islands), be used for the purpose of increasing the machine-readability and security of passports issued by such jurisdictions. It is further the sense of Congress that such funds be obligated by September 30, 2004 and in the amount and manner specified by the Secretary of State in consultation with the Secretary of Homeland Security and, respectively, with the government of the Federated States of Micronesia and the government of the Republic of the Marshall Islands. The United States Government is authorized to require that passports used for the purpose of seeking admission under section 141 of the U.S.-FSM Compact and the U.S.-RMI Compact contain the security enhancements funded by such assistance.

(3) INFORMATION-SHARING.—It is the sense of Congress that the governments of the Federated States of Micronesia and the Republic of the Marshall Islands develop, prior to October 1, 2004, the capability to provide reliable and timely information as may reasonably be required by the Government of the United States in enforcing criminal and security-related grounds of inadmissibility and deportability under the Immigration and Nationality Act, as amended, and shall provide such information to the Government of the United States.

(4) TRANSITION; CONSTRUCTION OF SECTIONS 141(a)(3) AND 141(a)(4) OF THE U.S.-FSM COMPACT AND U.S.-RMI COMPACT.—The words "the effective date of this Compact, as amended" in sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and the U.S.-RMI Compact shall be construed to read, "on the day prior to the enactment by the United States Congress of the Compact of Free Association Amendments Act of 2003."

(c) NONALIENATION OF LANDS.—Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent interests in real

property so as to restrict the acquisition of such interests to persons of Federated States of Micronesia citizenship and the Republic of the Marshall Islands citizenship, respectively.

(d) NUCLEAR WASTE DISPOSAL.—In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress understands that the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Republic of the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the U.S.-FSM Compact and the U.S.-RMI Compact.

(e) IMPACT OF THE U.S.-FSM COMPACT AND THE U.S.-RMI COMPACT ON THE STATE OF HAWAII, GUAM, THE COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS AND AMERICAN SAMOA; RELATED AUTHORIZATION AND CONTINUING APPROPRIATION.—

(1) STATEMENT OF CONGRESSIONAL INTENT.—In reauthorizing the U.S.-FSM Compact and the U.S.-RMI Compact, it is not the intent of Congress to cause any adverse consequences for an affected jurisdiction.

(2) DEFINITIONS.—For the purposes of this title—

(A) the term “affected jurisdiction” means American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, or the State of Hawaii; and

(B) the term “qualified nonimmigrant” means a person, or their children under the age of 18, admitted or resident pursuant to section 141 of the U.S.-RMI or U.S.-FSM Compact, or section 141 of the Palau Compact who, as of a date referenced in the most recently published enumeration is a resident of an affected jurisdiction. As used in this subsection, the term “resident” shall be a person who has a “residence,” as that term is defined in section 101(a)(33) of the Immigration and Nationality Act, as amended.

(3) AUTHORIZATION AND CONTINUING APPROPRIATION.—There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each fiscal year from 2004 through 2023, \$30,000,000 for grants to affected jurisdictions to aid in defraying costs incurred by affected jurisdictions as a result of increased demands placed on health, educational, social, or public safety services or infrastructure related to such services due to the residence in affected jurisdictions of qualified nonimmigrants from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau. The grants shall be—

(A) awarded and administered by the Department of the Interior, Office of Insular Affairs, or any successor thereto, in accordance with regulations, policies and procedures applicable to grants so awarded and administered; and

(B) used only for health, educational, social, or public safety services, or infrastructure related to such services, specifically affected by qualified nonimmigrants.

(4) ENUMERATION.—The Secretary of the Interior shall conduct periodic enumerations of qualified nonimmigrants in each affected jurisdiction. The enumerations—

(A) shall be conducted at such intervals as the Secretary of the Interior shall determine, but not less frequently than every five years, beginning in fiscal year 2003;

(B) shall be supervised by the United States Bureau of the Census or such other organization as the Secretary of the Interior may select; and

(C) after fiscal year 2003, shall be funded by the Secretary of the Interior by deducting such sums as are necessary, but not to exceed \$300,000 as adjusted for inflation pursuant to section 217 of the U.S. FSM Compact with fiscal year 2003 as the base year, per enumeration, from funds appropriated pursuant to the authorization contained in paragraph (3) of this subsection.

(5) ALLOCATION.—The Secretary of the Interior shall allocate to the government of each affected jurisdiction, on the basis of the results of the most recent enumeration, grants in an aggregate amount equal to the total amount of funds appropriated under paragraph (3) of this subsection, as reduced by any deductions authorized by subparagraph (C) of paragraph (4) of this subsection, multiplied by a ratio derived by dividing the number of qualified nonimmigrants in such affected jurisdiction by the total number of qualified nonimmigrants in all affected jurisdictions.

(6) AUTHORIZATION FOR HEALTH CARE REIMBURSEMENT.—There are hereby authorized to be appropriated to the Secretary of the Interior such sums as may be necessary to reimburse health care institutions in the affected jurisdictions for costs resulting from the migration of citizens of the Republic of the Marshall Islands, the Federated States of Micronesia and the Republic of Palau to the affected jurisdictions as a result of the implementation of the Compact of Free Association, approved by Public Law 99-239, or the approval of the U.S.-FSM Compact and the U.S.-RMI Compact by this resolution.

(7) USE OF DOD MEDICAL FACILITIES AND NATIONAL HEALTH SERVICE CORPS.—

(A) DOD MEDICAL FACILITIES.—The Secretary of Defense shall make available, on a space available and reimbursable basis, the medical facilities of the Department of Defense for use by citizens of the Federated States of Micronesia and the Republic of the Marshall Islands who are properly referred to the facilities by government authorities responsible for provision of medical services in the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau and the affected jurisdictions.

(B) NATIONAL HEALTH SERVICE CORPS.—The Secretary of Health and Human Services shall continue to make the services of the National Health Service Corps available to the residents of the Federated States of Micronesia and the Republic of the Marshall Islands to the same extent and for so long as such services are authorized to be provided to persons residing in any other areas within or outside the United States.

(C) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this paragraph such sums as are necessary for each fiscal year.

(8) REPORTING REQUIREMENT.—Not later than one year after the date of enactment of this joint resolution, and at one year intervals thereafter, the Governors of Guam, the State of Hawaii, the Commonwealth of the Northern Mariana Islands, and American Samoa may provide to the Secretary of the Interior by February 1 of each year their comments with respect to the impacts of the Compacts on their respective jurisdiction. The Secretary of the Interior, upon receipt of any such comments, shall report to the Congress not later than May 1 of each year to include the following:

Section 224

The Government of the Federated States of Micronesia may request, from time to time, technical assistance from the Federal agencies and institutions of the Government of the United

States, which are authorized to grant such technical assistance in accordance with its laws. If technical assistance is granted pursuant to such a request, the Government of the United States shall provide the technical assistance in a manner which gives priority consideration to the Federated States of Micronesia over other recipients not a part of the United States, its territories or possessions, and equivalent consideration to the Federated States of Micronesia with respect to other states in Free Association with the United States. Such assistance shall be made available on a reimbursable or non-reimbursable basis to the extent provided by United States law.

Article III**Administrative Provisions****Section 231**

In carrying out this investigative authority, such United States Government representatives may request that the Government of the Federated States of Micronesia subpoena documents and records and compel testimony in accordance with the laws and Constitution of the Federated States of Micronesia. Such assistance by the Government of the Federated States of Micronesia to the Government of the United States shall not be unreasonably withheld. (c) Radioactive, toxic chemical, or biological materials not intended for weapons use shall not be affected by section 314(b).

(d) No material or substance referred to in this section shall be stored in the Federated States of Micronesia except in an amount and manner which would not be hazardous to public health or safety. In determining what shall be an amount or manner which would be hazardous to public health or safety under this section, the Government of the United States shall comply with any applicable mutual agreement, international guidelines accepted by the Government of the United States, and the laws of the United States and their implementing regulations.

(e) Any exercise of the exemption authority set forth in section 161(e) shall have no effect on the obligations of the Government of the United States under this section or on the application of this subsection.

(f) The provisions of this section shall apply in the areas in which the Government of the Federated States of Micronesia exercises jurisdiction over the living resources of the seabed, subsoil or water column adjacent to its coasts.

Section 315

(b) If, in the exercise of its authority and responsibility under this Title, the Government of the United States requires the use of areas within the Federated States of Micronesia in addition to those for which specific arrangements are concluded pursuant to section 321(a), it may request the Government of the Federated States of Micronesia to satisfy those requirements through leases or other arrangements. The Government of the Federated States of Micronesia shall sympathetically consider any such request and shall establish suitable procedures to discuss it with and provide a prompt response to the Government of the United States.

(c) The Government of the United States recognizes and respects the scarcity and special importance of land in the Federated States of Micronesia. In making any requests pursuant to section 321(b), the Government of the United States shall follow the policy of requesting the

Any person described in section 141(a)(5) who is not a citizen of the Federated States of Micronesia shall be subject to United States laws relating to selective service.

Article V

General Provisions

Section 351

(a) The Government of the United States and the Government of the Federated States of Micronesia shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Federated States of Micronesia shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Republic of the Marshall Islands to consider matters within the jurisdiction of the two Joint Committees.

(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Federated States of Micronesia shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

Section 352

In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Federated States of Micronesia under Titles One, Two and Four and to the responsibility of the Government of the Federated States of Micronesia to assure the well-being of its people.

Section 353

(a) The Government of the United States shall not include the Government of the Federated States of Micronesia as a named party to a formal declaration of war, without that Government's consent.

(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Federated States of Micronesia, which arise out of armed conflict subsequent to November 3, 1986, and which are:

(1) petitions to the Government of the United States for redress; or

(2) claims in any manner against the government, citizens, nationals or entities of any third country.

(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

Section 354

(a) The Government of the United States and the Government of the Federated States of Micronesia are jointly committed to continue their security and defense relations, as set forth in this Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed, unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Federated

States of Micronesia, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, in which case the provisions of section 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Federated States of Micronesia), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Federated States of Micronesia, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Federated States of Micronesia pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Federated States of Micronesia during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Federated States of Micronesia in accordance with its constitutional processes.

(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Federated States of Micronesia further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of the Federated States of Micronesia shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Federated States of Micronesia or the Republic of the Marshall Islands.

Arbitration shall occur according to the following terms:

(a) An Arbitration Board shall consist of a Chairman and two other members, each of whom shall be a citizen of a party to the dispute. Each of the two Governments which is a party to the dispute shall appoint one member to the Arbitration Board. If either party to the dispute does not fulfill the appointment requirements of this section within 30 days of referral of the dispute to arbitration pursuant to section 423, its member on the Arbitration Board shall be selected from its own standing list by the other party to the dispute. Each Government shall maintain a standing list of 10 candidates. The parties to the dispute shall jointly appoint a Chairman within 15 days after selection of the other members of the Arbitration Board. Unless the parties provide otherwise by mutual agreement, the Arbitration Board shall endeavor to render its decision within 30 days after the conclusion of arguments. The Arbitration Board shall make findings of fact and conclusions of law and its members may issue dissenting or individual opinions. Section 224

The Government of the Republic of the Marshall Islands may request, from the time to time, technical assistance from the Federal agencies and institutions of the Government of the United States, which are authorized to grant such technical assistance in accordance with its laws. If technical assistance is granted pursuant to such a request, the Government of the United States shall provide the technical assistance in a manner which gives priority consideration to the Republic of the Marshall Islands over other recipients not a part of the United States, its territories or possessions, and equivalent consideration to the Republic of the Marshall Islands with respect to other states in Free Association with the United States. Such assistance shall be made available on a reimbursable or non-reimbursable basis to the extent provided by United States law.

(b) The provisions of subsection (a) shall not apply to advantages accorded by the Republic of the Marshall Islands by virtue of their full membership in the Pacific Island Countries Trade Agreement (PICTA), done on August 18, 2001, to those governments listed in Article 26 of PICTA, as of the date the Compact, as amended, is signed.

(c) Prior to entering into consultations on, or concluding, a free trade agreement with govern-

Section 253

A citizen of the Republic of the Marshall Islands, domiciled therein, shall be exempt from estate, gift, and generation-skipping transfer taxes imposed by the Government of the United States, provided that such citizen of the Republic of the Marshall Islands is neither a citizen nor a resident of the United States.

If the Government of the Republic of the Marshall Islands exercises such authority as provided in this subsection, any individual resident of the Republic of the Marshall Islands who is subject to tax by the Government of the United States on income which is also taxed by the Government of the Republic of the Marshall Islands shall be relieved of liability to the Government of the United States for the tax which, but for this subsection, would otherwise be imposed by the Government of the United States on such income. However, the relief from liability to the United States Government referred to in the preceding sentence means only relief in the form of the foreign tax credit (or deduction in lieu thereof) available with respect to the income taxes of a possession of the United States, and relief in the form of the exclusion under section 911 of the Internal Revenue Code of 1986. (b) The consultations referred to in this section shall be conducted expeditiously at senior levels of the two Governments, and the subsequent determination by the Government of the United States referred to in this section shall be made only at senior interagency levels of the Government of the United States.

(c) The Government of the Republic of the Marshall Islands shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of State personally and the United States Secretary of Defense personally regarding any determination made in accordance with this section.

(b) Unless otherwise agreed, other than for transit or overflight purposes or during time of a national emergency declared by the President of the United States, a state of war declared by the Congress of the United States or as necessary to defend against an actual or impending armed attack on the United States, the Republic of the Marshall Islands or the Federated States of Micronesia, the Government of the United States shall not store in the Republic of the Marshall Islands or the Federated States of Micronesia any toxic chemical weapon, nor any radioactive materials nor any toxic chemical materials intended for weapons use.

(c) Radioactive, toxic chemical, or biological materials not intended for weapons use shall not be affected by section 314(b).

(d) No material or substance referred to in this section shall be stored in the Republic of the Marshall Islands except in an amount and manner which would not be hazardous to public health or safety. In determining what shall be an amount or manner which would be hazardous to public health or safety under this section, the Government of the United States shall comply with any applicable mutual agreement, international guidelines accepted by the Government of the United States, and the laws of the United States and their implementing regulations.

(e) Any exercise of the exemption authority set forth in section 161(e) shall have no effect on the obligations of the Government of the United States under this section or on the application of this subsection.

(f) The provisions of this section shall apply in the areas in which the Government of the Republic of the Marshall Islands exercises jurisdiction over the living resources of the seabed, subsoil or water column adjacent to its coasts.

Section 315

The Government of the United States may invite members of the armed forces of other countries to use military areas and facilities in the Republic of the Marshall Islands, in conjunction with and under the control of United States Armed Forces. (b) If, in the exercise of its authority and responsibility under this Title, the Government of the United States requires the use of areas within the Republic of the Marshall Islands in addition to those for which specific arrangements are concluded pursuant to section 321(a), it may request the Government of the Republic of the Marshall Islands to satisfy those requirements through leases or other arrangements. The Government of the Republic of the Marshall Islands shall sympathetically consider any such request and shall establish suitable procedures to discuss it with and provide a prompt response to the Government of the United States.

(c) The Government of the United States recognizes and respects the scarcity and special importance of land in the Republic of the Marshall Islands. In making any requests pursuant to section 321(b), the Government of the United States shall follow the policy of requesting the minimum area necessary to accomplish the required security and defense purpose, of requesting only the minimum interest in real property necessary to support such purpose, and of requesting first to satisfy its requirement through public real property, where available, rather than through private real property.

Article IV

Service in Armed Forces of the United States

Section 341

Any person entitled to the privileges set forth in Section 141 (with the exception of any person described in section 141(a)(5) who is not a citizen of the Republic of the Marshall Islands) shall be eligible to volunteer for service in the Armed Forces of the United States, but shall not be subject to involuntary induction into military service of the United States as long as such person has resided in the United States for a period of less than one year, provided that no time shall count towards this one year while a person admitted to the United States under the Compact, or the Compact, as amended, is engaged in full-time study in the United States. Any person described in section 141(a)(5) who is not a citizen of the Republic of the Marshall Islands shall be subject to United States laws relating to selective service.

Section 342

The Government of the United States shall have enrolled, at any one time, at least one qualified student from the Republic of the Marshall Islands, as may be nominated by the Government of the Republic of the Marshall Islands, in each of:

Article V

General Provisions

Section 351

(a) The Government of the United States and the Government of the Republic of the Marshall Islands shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Republic of the Marshall Islands shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Government of the Federated States of Micronesia to consider matters within the jurisdiction of the two Joint Committees.

(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Republic of the Marshall Islands shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

Section 352

In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Republic of the Marshall Islands under Titles One, Two and Four and to the responsibility of the Government of the Republic of the Marshall Islands to assure the well-being of its people.

Section 353

(a) The Government of the United States shall not include the Government of the Republic of the Marshall Islands as a named party to a formal declaration of war, without that Government's consent.

(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Republic of the Marshall Islands, which arise out of armed conflict subsequent to October 21, 1986, and which are:

(1) petitions to the Government of the United States for redress; or

(2) claims in any manner against the government, citizens, nationals or entities of any third country.

(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

Section 354

(a) The Government of the United States and the Government of the Republic of the Marshall Islands are jointly committed to continue their security and defense relations, as set forth in this Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed, unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Republic of the Marshall Islands, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, as amended, in which case the provisions of section 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Republic of the Marshall Islands), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and

the Government of the Republic of the Marshall Islands, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Republic of the Marshall Islands pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Republic of the Marshall Islands during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Republic of the Marshall Islands in accordance with its constitutional processes.

(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Republic of the Marshall Islands further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of the Republic of the Marshall Islands shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Republic of the Marshall Islands or the Federated States of Micronesia.

Arbitration shall occur according to the following terms:

(a) An Arbitration Board shall consist of a Chairman and two other members, each of whom shall be a citizen of a party to the dispute. Each of the two Governments that is a party to the dispute shall appoint one member to the Arbitration Board. If either party to the dispute does not fulfill the appointment requirements of this section within 30 days of referral of the dispute to arbitration pursuant to section 423, its member on the Arbitration Board shall be selected from its own standing list by the other party to the dispute. Each Government shall maintain a standing list of 10 candidates. The parties to the dispute shall jointly appoint a Chairman within 15 days after selection of the other members of the Arbitration Board. Failing agreement on a Chairman, the Chairman shall be chosen by lot from the standing lists of the parties to the dispute within 5 days after such failure.

(b) Unless otherwise provided in this Compact, as amended, or its related agreements, the Arbitration Board shall have jurisdiction to hear and render its final determination on all disputes arising exclusively under Articles I, II, III, IV and V of Title One, Title Two, Title Four, and their related agreements.

(c) Each member of the Arbitration Board shall have one vote. Each decision of the Arbitration Board shall be reached by majority vote.

(d) In determining any legal issue, the Arbitration Board may have reference to international law and, in such reference, shall apply as guidelines the provisions set forth in Article 38 of the Statute of the International Court of Justice.

Approved _____, 2003.

Strike out the preamble and insert:

Whereas the United States (in accordance with the Trusteeship Agreement for the Trust Territory of the Pacific Islands, the United Na-

tions Charter, and the objectives of the international trusteeship system of the United Nations) fulfilled its obligations to promote the development of the people of the Trust Territory toward self-government or independence as appropriate to the particular circumstances of the Trust Territory and its peoples and the freely expressed wishes of the peoples concerned;

Amend the title so as to read: "A joint resolution to approve the Compact of Free Association, as amended, between the Government of the United States of America and the Government of the Federated States of Micronesia, and the Compact of Free Association, as amended, between the Government of the United States of America and the Government of the Republic of the Marshall Islands, and to appropriate funds to carry out the amended Compacts."

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Iowa (Mr. LEACH) and the gentleman from California (Mr. LANTOS) each will control 20 minutes.

The Chair recognizes the gentleman from Iowa (Mr. LEACH).

GENERAL LEAVE

Mr. LEACH. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the joint resolution under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Iowa?

There was no objection.

Mr. LEACH. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of House Joint Resolution 63, legislation that reauthorizes the Compact of Free Association of the Federated States of Micronesia and the Republic of the Marshall Islands.

Mr. Speaker, the text of H.J. Res. 63 which is before us is substantially identical to the extensive bill passed by this body 3 weeks ago. The few changes it incorporates were the result of the bipartisan, bicameral consultations prior to passage in the other body, and in my judgment represent further improvements to this legislative product.

Specifically, these include an amendment to the education section which ensures retention within the islands of eligibility for participation in U.S. special education programs; a modification of the disaster assistance provisions based primarily on a recent proposal from the administration which envisions continuing roles for both the Federal Emergency Management Agency and the U.S. Agency for International Development's Office of Foreign Disaster Assistance; and the inclusion of \$5.3 million for the final U.S. contribution to the trust fund established to assist in the resettlement of Rongelap Island, the locale for the U.S. thermonuclear tests in the 1940s and 1950s.

It would be my hope that we could finalize this noncontroversial package today and send it to the President for signature before the end of the session. As my colleagues may be aware, the economic assistance provisions of the current Compact with Micronesia and the Marshall Islands expired in 2001, but were extended for 2 years while the United States renegotiated the expiring provisions with the island countries. These negotiations were only completed this spring, leaving Congress relatively little time to act on a host of difficult substantive and jurisdictional issues before those authorities expired on September 30, 2003. Because Congress was not able to reauthorize the compacts prior to the end of the fiscal year, the basic authorities for U.S. assistance to the islands have been extended temporarily by continuing resolution.

In closing, I would like to thank again the chairmen and ranking members of the Committees on Resources, Education and the Work Force, Budget, Ways and Means, and the Committee on International Relations, particularly the gentleman from California (Mr. LANTOS), for their assistance and cooperation in developing and supporting this important legislation which further advances relations with our stalwart friends in the freely associated states and protects key U.S. interests in the Western Pacific. I urge support for the resolution.

Mr. Speaker, I reserve the balance of my time.

Mr. LANTOS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of this legislation. I am very pleased that the House is taking final action today on renewal of the Compact of Free Association with the Federated States of Micronesia and the Republic of the Marshall Islands.

With final approval of these compacts, the United States will further solidify our relationship with these Western Pacific nations, both of which are close allies and make an ongoing contribution to our national defense.

□ 1530

To understand the importance of renewing the compacts, Mr. Speaker, we

must remember our Nation's history in the region. During the Second World War, American soldiers liberated the Pacific, island by island, in brutal and bloody battles. After the war, the United States administered Micronesia and the Marshalls, and we have maintained a vitally important military base on Kwajalein Atoll.

In the 1940s and 1950s, the United States used the Marshall Islands as a nuclear testing ground. The Marshallese people were dramatically affected by these nuclear tests, and entire islands remain uninhabitable, even today. Since the independence of the Marshalls and Micronesia in 1986, the ties between our nations have grown even stronger. When Congress approved the Compact of Free Association in 1986, we received a very good bargain. Funds would flow to the island nations in return for strategic denial and a defense veto. The Kwajalein Army Base is vitally important to American missile tests, and as a listening post to the world. With approval of the compacts, the United States advanced our national security interests. However, our government inadequately monitored the expenditure of funds and ignored the need to promote economic development in the islands.

The compacts before the House today ensure that funds will be well spent in the future, will promote sound economic development, and will focus on the all-important subjects of education and health care. They also establish trust funds for both nations to ensure that they can become self-sufficient in 20 years.

Mr. Speaker, H.J. Res. 63 promotes our Nation's national security interests and furthers our already excellent relationship with the Marshalls and Micronesia. I urge its approval.

Mr. Speaker, I reserve the balance of my time.

Mr. LEACH. Mr. Speaker, I reserve the balance of my time.

Mr. LANTOS. Mr. Speaker, it gives me extraordinary pleasure to yield 5 minutes to the gentlewoman from California (Ms. WATSON), our former distinguished Ambassador to Micronesia.

Ms. WATSON. Mr. Speaker, I would like to thank the gentleman from California (Mr. LANTOS), the gentleman from Iowa (Mr. LEACH) and all those who had a very active part in bringing this bill to the floor. I was privileged and honored to represent the United States as the Ambassador to the Federated States of Micronesia, and I have a deep and abiding respect for the island nations who are struggling to build their democracy following the American model. I am pleased that we have advanced the new compact legislation out of Congress to this point.

Although most of the contentious issues in the compact have been addressed, the funding allocated for education still continues to concern me. I visited many of the schools, and I can tell my colleagues that they need a lot of help. We have to take them from the

past into the present, and we have to see that they have the technology in their classrooms to make them a part of our new global economy. The RMI and FSM children have only just begun to benefit from the establishment of an integrated education system, and I am very pleased to know that authorization for educational programs is included in the bill.

In my former profession of teaching, I have witnessed the impact of early structured education. Young children are much better equipped to enter the educational system when they are exposed to education at an early age. Our Head Start program over there is the Cadillac program of the island. Everyone clamors to get their children in there whether they qualify or not. The educational appropriations that Chairman REGULA has offered to support is critical to keep these effective programs in place and give these children of these distant Pacific islands an opportunity.

I also strongly support those provisions in this compact that provide for continued Pell Grant eligibility for the FAS. It will bolster the ability of the FAS to cultivate education. If we were to eliminate the Pell Grant assistance, we would have decimated the college system in the Federated States of Micronesia. A large portion of the operating funds for the college are obtained through Pell Grants. When you see these young people able to do 2 years in their college and then come here to the United States and then come back home and lend their expertise to this new emerging government, it really fills your heart with glee, and we should be so proud.

One other important area that I would like to point out is the reinstatement of FEMA assistance. It has been placed back into the compact for infrastructure purposes and major catastrophes. USAID is not equipped to deal with all of the problems that arise on small islands nor do they have the ready response to help in a timely fashion. The FEMA assistance is absolutely critical because being surrounded by water and spread out over a million miles of ocean, we are always in line for some kind of natural catastrophe.

As we move forward with our unique relationship with the Freely Associated States, I hope the United States Congress will continue to be supportive and receptive of the needs of our new democratic friends.

I urge my colleagues to understand the importance of the FAS, and I fully support this piece of legislation.

Mr. LANTOS. Mr. Speaker, I want to thank my friend for her eloquent and powerful statement.

Mr. Speaker, I yield 5 minutes to the distinguished gentlewoman from Guam (Mr. BORDALLO).

Ms. BORDALLO. Mr. Speaker, I thank the gentleman from California (Mr. LANTOS) and the gentleman from Iowa (Mr. LEACH) for this opportunity. I want to take this time to thank the

leadership for their work on the Compact of Free Association Amendments Act. This piece of legislation is vital to the Pacific region and so important to the people of Guam. Guam is the closest American neighbor to the Freely Associated States. We have witnessed the progress that the Federated States of Micronesia and the Republic of the Marshall Islands have made under the original compact since 1986. Today this House will approve a renewal of this compact and recommit the United States of America to friendship with steadfast allies in the Pacific. Over the past 2 years, a lot of work has been exerted in renegotiating the terms of the original compact, and today we consider this measure for the final time before it makes its way to the White House. I am pleased that we are able to come to agreement in a bipartisan effort on matters that are so important to the Freely Associated States. Continuation of their eligibility for Pell Grants, Job Corps and programs under the Individuals with Disabilities Education Act is protected by H.J. Res. 63. This legislation also provides for an improved process to address the impact the immigration provisions have on affected U.S. jurisdictions. Annual mandatory funding in the amount of \$30 million is provided for by this bill to be shared by Guam, Hawaii, the Commonwealth of the Northern Mariana Islands and American Samoa to help defray costs associated with immigration. The legislation includes my provision for compact-impact reconciliation to address the unreimbursed compact costs over the past 17 years.

I want to recognize the work of the U.S. negotiating teams, most particularly the contributions of the chief U.S. negotiators, Al Stayman in the early phase and Colonel Al Short under the Bush administration. I congratulate the leadership of the Federated States of Micronesia and the Republic of the Marshall Islands for their successful efforts. I want to acknowledge and thank the united efforts of Guam's leaders on the provisions important to our island. Governor Camacho and Speaker Pangelinan traveled thousands of miles to Washington in July to testify before the House Committee on Resources. Additionally, Mr. Speaker, I want to thank the gentlemen from Hawaii (Mr. ABERCROMBIE) and (Mr. CASE) for their efforts. I also want to thank the gentleman from Iowa (Mr. LEACH), the gentleman from Illinois (Mr. HYDE), the gentleman from California (Mr. POMBO), the gentleman from Ohio (Mr. BOEHNER) and the gentleman from Wisconsin (Mr. SENSENBRENNER) for their leadership in crafting this legislation as well as the gentleman from Iowa (Mr. NUSSLE), the gentleman from Ohio (Mr. REGULA) and the gentleman from California (Mr. THOMAS) for their input on matters under their committee's jurisdictions. I also want to thank the gentleman from California (Mr. LANTOS), the gentleman from West Virginia (Mr. RAHALL), the gentleman

from California (Mr. GEORGE MILLER), the gentleman from Michigan (Mr. CONYERS), the gentleman from South Carolina (Mr. SPRATT), the gentleman from Wisconsin (Mr. OBEY), and the gentleman from New York (Mr. RANGEL) for their help in addressing matters of concern as this bill moved through the process, and to thank the staff serving on these committees.

Lastly, Mr. Speaker, I want to make special mention of the work the gentleman from American Samoa (Mr. FALEOMAVAEGA) has put into the legislation. His service is invaluable to this institution and the people of the Pacific islands hold him in high esteem. This is indeed, Mr. Speaker, an historic day for the Pacific islands. I urge adoption of H.J. Res. 63.

Mr. LANTOS. Mr. Speaker, I am very pleased to yield 2 minutes to the distinguished gentleman from Hawaii (Mr. ABERCROMBIE).

(Mr. ABERCROMBIE asked and was given permission to revise and extend his remarks.)

Mr. ABERCROMBIE. Mr. Speaker, our colleague and friend from Guam has made manifest in her remarks the debt of gratitude that is owed to many individuals, some of whom are here and are represented, I think, on the whole by our colleagues who are in charge of the bill on the floor.

This is an issue of little note for many Members. It would be easy, I expect, to say that the compact for Micronesia represents an area of forgotten people, but that would be incorrect, Mr. Speaker, because in many instances this is an area of the never noticed. It is something that is difficult for many people in the United States, let alone in the rest of the world, to comprehend that we have here a colonial vestige, a post-World War II anachronism. We have a situation in which responsibility exists for the United States which is scarcely understood, let alone taken into account, not because of design but rather by the default and omission of elementary understanding.

Those of us who live in the Pacific, those of us who are aware of the human dimension that is involved here are particularly grateful to all of the individuals and committee staff members that have been noted by my good friend from Guam. I want to pay particular notice to my chairman on the Committee on Resources, the gentleman from California (Mr. POMBO) who has assumed these duties with this Congress. Some of the other Members mentioned are long familiar with the compact. The gentleman from California has exhibited a particular sensitivity and quest for understanding that I think has aided immeasurably in the accomplishment of dealing with what is, in fact, an unfunded mandate. The compact requires us to meet certain standards and, as has been mentioned by my good friend from Guam, Guam, Hawaii and the Marianas bear the brunt of the financial side of this as well.

Free association means that people are able to travel freely and as a result of this compact, Mr. Speaker, I think we have taken an enormous step forward, and my gratitude and aloha to all those who helped to provide it and get us to this step today. Mahalo to all.

Mr. LANTOS. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. LEACH. Mr. Speaker, I yield myself such time as I may consume. In conclusion, let me thank each of the contributors to today's discussion. Obviously, the gentleman from California (Mr. LANTOS) has played a seminal role in this process; so have the gentleman from California (Ms. WATSON), the gentleman from American Samoa (Mr. FALEOMAVAEGA), the gentleman from Hawaii (Mr. ABERCROMBIE), and I would like to note with regard to the gentlewoman from Guam (Ms. BORDALLO), how appreciative we are of her help in this endeavor, and how appreciative I am that she has referenced all the people from the outside that have contributed to the development of this particular agreement.

I might say that Congress has put a slightly modified stamp on what was negotiated by the executive branch. This modified stamp is tilted towards generosity.

□ 1545

This is particularly appropriate because this is the people's body, and we are in the fortunate position of having nothing but feelings of enormous goodwill towards the people of the freely associated states.

This is a tangible agreement, but it is what is intangible that is so much more important. So as we in this House pass this agreement, I would just like to say that I am confident I speak for this entire body when I suggest that we are proud of our friends in the Pacific and we hope to maintain warm relationships for decades and decades to come.

Mr. ABERCROMBIE. Mr. Speaker, I would like to express my wholehearted support for the final passage of H.J. Res. 63, the Compact of Free Association Amendments Act of 2003. Years of negotiations and the cooperative work of many people has brought us to this point, the reauthorization of the Compact by Congress.

For the past 17 years, the United States has had a secure relationship with the Freely Associated States (FAS). The Federated States of Micronesia (FSM) and the Republic of the Marshall Islands (RMI) have been able to transition from a United Nations trusteeship to sovereign governments. At the same time, the United States has had its security and defense interests in the Pacific fulfilled. H.J. Res. 63 will not only allow this critical economic and military relationship to continue, but will improve upon its successes and ensure that FAS citizens get the maximum benefit possible from this agreement.

H.J. Res. 63 extends our military commitments in the Pacific by retaining certain defense rights as well as providing for continued access to Kwajalein Atoll, home of the Ronald Reagan Ballistic Missile Defense Test Site.

This legislation also includes provisions affecting the health, education, and welfare of FAS citizens. They will continue to be eligible for funds from the Pell Grant Program and from the Individuals with Disabilities Education Act, resources which are integral to their development of a competent and effective education system. They will also be eligible for funds to combat the spread of communicable diseases such as tuberculosis, cholera and Hansen's disease. FAS citizens can have complicated and severe health care needs and this grant money will go a long way toward easing these health difficulties.

The Compact also allows FAS citizens to enter the United States and its territories as nonimmigrants. These provisions are being enhanced to include security measures and more dependable passports. In addition, due to the ability to freely migrate, Compact migrants have been entering the United States in ever increasing numbers. This migration is having an enormous impact on the education, health, public safety and social service systems of the areas receiving these compact migrants. These costs have a very tangible impact and collectively, are fast approaching the \$100 million per year level. For the State of Hawaii alone, more than \$32 million was expended in 2002 in order to support Compact migrants and help ensure their health and well-being.

H.J. Res. 63 addresses this effect by creating a mandatory funding stream of \$30 million a year in compensation for Hawaii, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa. These areas have borne the brunt of this impact since 1986 and although these funds will be divided among the four jurisdictions, it will be the largest compensation any of these jurisdictions has received to date. In addition, health care providers will also be eligible for the reimbursement of expenses arising from the treatment of Compact migrants. While these funds will surely cover only a portion of the total impact cost, its yearly distribution will undoubtedly have a great effect on the state and territorial departments and agencies that have spent untold resources and labor in providing for the Compact migrants.

The scope of this Compact assures that every FAS citizen will be affected in some way and that is why I applaud the efforts to produce a bipartisan compromise with the input of all affected parties. Chairman POMBO of the House Resources Committee has been especially willing to listen to the voices of people in the Pacific and has bent over backwards to be fair and just. Chairman HYDE, Chairman BOEHNER and Chairman NUSSLE have also accomplished tremendous work in bringing this bill to the floor. Thanks to their efforts, I have no doubt that our relationship with these Pacific nations will continue to be productive and mutually beneficial. I urge my colleagues to support this important measure.

Mr. FALEOMAVAEGA. Mr. Speaker, I would like to extend my gratitude to Chairman HYDE and Ranking Member LANTOS of the International Relations Committee, Chairman POMBO and Ranking Member RAHALL of the Resources Committee and my good friend, Chairman JIM LEACH of the International Relations Subcommittee on Asia and the Pacific for working so diligently these past several months to address some of the very important concerns raised by the RMI and FSM as it relates to the Compact of Free Association.

The Compacts of Free Association commenced in 1986 between the Federated States of Micronesia and the Republic of the Marshall Islands and the United States. In brief, the United States agrees to provide federal funding to the FSM and RMI and in turn both agree to provide the U.S. with certain defense rights now including use of eleven defense sites on Kwajalein Atoll where the U.S. Department of Defense has established a multi-billion dollar anti-ballistic missile testing facility.

In October 2001, portions of the Compact expired and representatives from the FSM, RMI and the Department of the Interior began negotiating an extension of these provisions. Earlier this year, DOI sent Congress the negotiated product to be considered as the re-authorization of the Compacts of Free Association. However, key provisions, including funding for Pell Grants and FEMA assistance were excluded from the agreement and, over the last several months, my colleagues and I have been working closely with representatives from both the FSM and RMI to address these concerns.

Mr. Chairman, the good people of the Federated States of Micronesia and the Republic of the Marshall Islands are in need of and, indeed, deserve U.S. support and assistance in building local capacity. As you know, education is invaluable to building self-sufficiency and local capacity and ultimately will contribute to bolstering the economy of these developing nations. This is why I am pleased that the bill before us today now provides the Freely Associated States with Pell Grants assistance and also recognizes the importance of FEMA assistance to these islands.

The truth is, the Freely Associated States have made many sacrifices and contributions on behalf of the United States. In fact, the U.S. used the Marshall Islands as a nuclear testing ground and detonated more than 67 nuclear bombs, including the first hydrogen bomb which was 1,000 times more powerful than the bombs dropped on Hiroshima and Nagasaki during World War II. The results were and continue to be devastating.

As a Pacific Islander, I am pleased that H.J. Res. 63 acknowledges the contributions and sacrifices made by the FAS and also addresses the needs and concerns of the people of the FSM and RMI. I am also pleased that my colleagues have worked closely with me to make sure that American Samoa's tuna industry was protected in the process of these negotiations. The outcome of H.J. Res. 63 will determine our relationship with the FSM and RMI for the next twenty years and will also affect American Samoa's tuna industry for generations to come.

I urge my colleagues to honor our pledge to the people of the FAS to assist them in maintaining a democratic government and supporting the principles that contribute to economic development and self-sufficiency. I also urge my colleagues to support American Samoa's interests by voting yes for H.J. Res. 63.

Mr. LEACH. Mr. Speaker, I yield back the balance of my time.

GENERAL LEAVE

Mr. BEREUTER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their re-

marks on the concurrent resolution under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Nebraska?

There was no objection.

Mr. BEREUTER. Mr. Speaker, I yield myself such time as I may consume.

The resolution before the House expresses the support of the Congress for the Adriatic Charter. The charter was signed on May 2 in the Albanian capital of Tirana by Secretary of State Powell and the foreign ministers of Albania, Croatia, and the Former Yugoslav Republic of Macedonia, the three currently remaining NATO aspirant countries which have not yet been accepted for NATO membership.

The resolution, introduced by the distinguished gentleman from New York (Mr. ENGEL), is virtually identical to the one that was agreed to in this Chamber on June 23 by a 381 to 1 vote. When the Senate passed this concurrent resolution in July, it made a minor change in the name of one of the countries being recognized, changing the word "Macedonia," which was used in the Adriatic Charter itself, to "Former Yugoslav Republic of Macedonia," which is the name by which this country is internationally recognized by most countries.

The Adriatic Charter pledges the United States to support efforts by Albania, Croatia, and Macedonia to join Euro-Atlantic institutions like NATO and the European Union.

In this agreement, the three aspirant nations commit themselves to accelerate their democratic reforms, protect human rights, implement market-oriented economic policies, and enhance their mutual cooperation. Also very importantly, under the Adriatic Charter, the United States and these three countries pledge to consult whenever the security of one of them is threatened. For their part, the aspirant countries promise to continue defense reforms and to undertake steps to enhance border security so they can contribute to regional stability.

Mr. Speaker, this Member urges the House to agree to this resolution.

Mr. Speaker, I reserve the balance of my time.

Mr. LANTOS. Mr. Speaker, I yield myself such time as I may consume.

I rise in strong support of this resolution. First, Mr. Speaker, I want to commend the gentleman from New York (Mr. ENGEL), the gentleman from Nebraska (Mr. BEREUTER), and the gentleman from Florida (Mr. WEXLER) for their leadership on this important resolution and the gentleman from Illinois (Chairman HYDE) for moving it forward so expeditiously.

Mr. Speaker, this resolution celebrates cooperation and forward thinking among the nations of the Balkans, a region that just a few years ago was engulfed in bloody ethnic violence and strife. The United States has an enduring interest in the independence, territorial integrity, and security of Albania, Croatia, and Macedonia. We must
